

## The Cultural Impact of NYSCA on Long Island

The New York State Council of the Arts is dedicated to preserving and expanding the rich and diverse cultural resources that are, and will become, the heritage of New York's citizens. NYSCA provides critical support for many different cultural organizations across the Long Island region. Funded organizations include museums, art centers, theatres, music presenters, film programs, and an award winning radio station.

NYSCA also manages Decentralization (DEC), the Council's statewide regrant program. DEC provides support for community-based arts activities through a local decision-making grant process that reflects the unique character of each of the state's communities. DEC is administered through a network of local arts organizations and is available to artists and organizations in each of the state's 62 counties.

The Huntington Arts Council is proud to manage the Decentralization grant program, which fosters the arts by funding opportunities for Nassau- and Suffolk-based nonprofit arts organizations, individual artists and teaching artists.

# Long Island Decentralization Grants for the Arts

State funds from the New York State Council on the Arts (NYSCA)—Long Island Decentralization program are awarded to local artists and organizations to provide public arts experiences and cultural programs in their communities.

The Huntington Arts Council distributes these re-grant funds in Nassau and Suffolk Counties through our Grants for the Arts program.
