

The Quiet Art of Service by Jennifer Salta

The Huntington Arts Council invites artists to participate in *Tasteful: A Celebration of Food, Culture & Creativity*, a juried exhibition that explores food not just as sustenance—but as allegories and symbols. This show invites artists to reflect on food's many meanings: joyful, sacred, political, humorous, personal, or shared. We welcome creative works in all visual media that stir the senses and celebrate the universal language of food.
